

TRADING RULES AND CONDITIONS – EXECUTION ONLY

1. Account Opening

The minimum initial account opening amounts are the following:

- Silver Account – 1'000 Euro or equivalent;
- Gold Account – 10'000 Euro or equivalent;
- Platinum Account – 135'000 Euro or equivalent.

A first demand bank guarantee from an approved bank will also be accepted. Accounts may be opened in any major currency (EUR, USD, CHF, GBP, JPY, CAD or AUD). RTFX will activate the account upon receipt of the funds and vetting of the appropriate account opening and due diligence documentation. RTFX will not pay interest on account balances.

2. Minimum Transactions

On the foreign exchange market (Forex), the minimum transaction is as follows:

- Silver Account - 10'000 Euro or equivalent;
- Gold Account - 50'000 Euro or equivalent;
- Platinum Account - 250'000 Euro or equivalent.

3. Margin Requirement

A maximum leverage, defined per instrument, is calculated at the opening of a new position, as per RTFX Trading Conditions Table below.

4. Warning Call

RTFX's Trading Department sends a warning call to the client when its margin falls under the "warning threshold" level. However, RTFX will not take any action on the client's account until the margin reaches or falls under the "last threshold" level.

5. Position Close Out

When a client's margin reaches or falls under the "last threshold", RTFX reserves the right, at its full discretion and without further notification, to automatically close the client's open positions.

6. Order Execution Policy

Our execution policy applies when we execute orders relating to transactions on the foreign exchange (Forex) or other OTC financial derivative products on behalf of our clients. Please note that RTFX always deal as principal and act as the relevant execution venue for your orders.

The different types of financial instruments traded by RTFX are listed on our Trading Conditions Table with a description of their specific margin requirements and pricing as may be updated by RTFX from time to time.

RTFX is committed to offering its clients the most competitive trading service in the market. However, in exceptional circumstances, there may be occasions where we have to increase our normal spreads (for example where there is a fast moving market or low liquidity). Most trades will be automatically priced and executed by RTFX's trading

systems. However, depending on factors such as for example unusual market conditions or the size and nature of your order, an instrument may be manually priced and/or a trade may be manually executed. During times of high demand manual pricing and/or execution may cause delays in processing your order which in turn can have an impact on the price at which your order is executed. RTFX is committed to providing the most competitive trading technology and has put dealing procedures in place to minimize the risk of delays.

RTFX prices on Forex products are sourced from independent major banks providing liquidity to the Forex market. RTFX bases its prices upon those issued by these market makers who, from experience, usually provide a consistent service in terms of frequency of updates and reliability.

7. Conflicts of Interest

RTFX executes your orders internally against its own proprietary portfolio, dealing with you as principal. RTFX is committed to identifying, monitoring and managing all actual and potential conflicts of interest that can arise between RTFX and its clients. RTFX reviews its conflicts of interest policy regularly, at least annually or whenever a material change occurs that presents a conflict of interest not previously identified or contemplated.

8. Account Closing

Clients can close their account at any time by sending a written request to RTFX. Funds will be transferred, in most cases, within 48 hours of receiving the request. Funds will only be transferred to a bank account in the client's name. No third party transfers will be made.

9. Electronic Trading

The internet may be subject to events which may affect your access to RTFX's trading platforms. When using our trading platforms, we cannot be liable for any damages or losses that result from events beyond our control. You are solely responsible for providing and maintaining the equipment you require to ensure that you have adequate access to our website. Alternatively, during the regular trading hours, our trading desk remains available by phone or via e-mail.

10. Applicable Law and Jurisdiction

All relationships between a client and RTFX shall be governed by Maltese law.

The place of performance and the place of jurisdiction for any proceedings whatsoever is Malta, regardless of whether or not the client is resident and/or domiciled outside Malta. RTFX reserves the right to take legal action before the court of the client's domicile or before any other competent court, in which case Maltese law will still apply.

FOREX TRADING CONDITIONS TABLE – EXECUTION ONLY SERVICE

Effective as from 1 October 2011

Note *

- RTFX offers Silver and Gold customers the possibility to choose between fixed quotes and ECN quotes.
- To modify your trade settings from fixed quotes to ECN quotes or vice versa, please login to your account and click on "Upgrade form" located in the section "My Documents". Your request will be received and value dated for the following business day.
- ECN prices (Electronic Communication Network) are based on the best available market price RTFX receives from its counterparties.
